# Client Rights to Information

- HUD Data Standards allow clients to request copies of their PPI data saved within HMIS.
- HUD does not provide guidance on HOW this information is processed or provided to clients.
- The “Client Access Rights” document provides instructions to CoC Agencies on the “what information” and “how” steps to take in order to provide data to clients.
- These instructions describe how to protect client confidentiality while providing data to our clients.
- Here’s an overview of the process:
  - Client contact agency requesting their data
  - Agency verifies client identity prior to data collection and delivery
  - Agency collects data, per instructions in document
  - Agency reviews data prior to release to client
  - Communicate to client, deliver data
  - Send copies of data collection form to HMIS Help Desk
- Agencies can deny requests if client repeatedly ask for data or harrasses the agency. Denied requests are also sent to HMIS Help Desk.

# Referrals Discussion

- To use referrals, an Organization must establish a central email address to assign to their Provider
  - Recommendation: Multiple staff at your organization should have access to this email
  - This helps to ensure that referrals are not missed
- Referral Form - Zendesk ticket form???
  - The following information will be required:
    - Organization Sending Referrals
    - Organization Receiving Referrals
    - Referral Code
    - Central Email Address
    - Message to Referrals - what standard messaging would you like to accompany the referral
    - Any eligibility criteria, descriptions of intake process, fees, or other information necessary to complete a referral (If applicable)
- Referrals have visibility restrictions - how do we want to approach permissions? Should both organizations agree to referrals? Are organizations willing to accept referrals from all organizations?
- Idea: Referral MOU - sets roles and responsibilities around managing referral data

# HSN University Training

**Just as a reminder - when training requests are submitted to our team for New User training, the trainee is automatically assigned to the virtual course. This allows for your staff members to get through the training and into the live system more quickly vs waiting for the next available live training session (via Zoom).**

- No more waiting for 1st and 3rd Tuesday to train
- Audio and visual support all throughout
- Complete conveniently on your own schedule
- Support available via Live support hours and the Helpdesk
- Live training still able to be scheduled as needed
- Access to the live system provided 1-3 business days after requirements are met.

## **Requirements include:**

- Completion of all required course modules;
- Demonstration knowledge in the practical portion of the training by completing required tasks/workflows in the HMIS training site;
- Review, sign and submit the HMIS User Agreement

**Upcoming: Virtual courses for HMIS 102: SSVF, Street Outreach & PATH**

**HMIS 102: SSVF course launch date set for 7/14/2023!**

## Reminders:

*All new user training requests must come through the Agency Liaison.*

*Agency Liaison needs to let the HMIS team know ASAP when someone leaves*

*the agency so we can deactivate accounts. This is to protect the system and keep an accurate count of available subscriptions for assignment.*

# HMIS Data Quality Monitoring

## What to expect?

- Data Quality Monitors Scheduled for 2023
  - Communicated via agency liaisons
  - Primarily focuses on the CoC APR/Data Quality Report
  - We are looking at Q3 for FY22-23 (April - June) - invite will be sent out soon to schedule for August 2023.
  - Supportive Service Only (SSO) project will now be reviewed as well.
- Recommendations for improvements and a timeline for addressing data quality issues
- Follow up with a scorecard (grading system)
- Targeting agencies with projects that need a little “TLC” this quarter

*Interested in sitting in on a DQM? Let us know at [hmis@hsncfl.org](mailto:hmis@hsncfl.org)!*

# Breakout Rooms Discussion

- What are things in ClientTrack that you find cumbersome, unclear, and/or could be better?
- Are there any menu options in ClientTrack that you would like to learn more about, or have questions about?
- Do you have suggestions for what you want to see/do differently in ClientTrack?
- Are there parts of ClientTrack that you want to learn more about?
- Have you needed additional support from colleagues, leadership, or HMIS staff to complete tasks? If so, what were the tasks?
- Are you finding the layout and functionality of ClientTrack is enabling you to complete your duties in a more efficient manner? Why or why not?
- Do you have any topic recommendations for upcoming HMIS Advisory Committee meetings?
